West Coast Energy Recruitment West Coast Energy

Ref:

Totaljobs

Job ID:

57163735

West Coast Energy Limited is a leading independent renewable energy developer. The company specialises in the identification, design, planning, development and construction of wind energy projects. We are presently involved in developing hundreds of megawatts of **wind power** generation in the UK and Europe, and to date, we have secured planning permission for a range of onshore and offshore wind farms totalling in excess of 650 Megawatts, equal to the electricity usage of approximately 360,000 homes and currently have over 50 Megawatts in construction.

#### THE ROLE

We are seeking a Wind Analyst to be part of a team of dedicated technical resource personnel providing support and advice to our onshore wind energy development and consultancy teams within the UK and other EU countries from site identification to construction and operation.

## 9) Care Assistant: Bangor

Salary - NMW plus

[Apply now](#)

### Job description

**ONLY LOCAL PEOPLE NEED APPLY**

We are looking for an attitude not experience. We want someone to really care about our elderly clients.

Are you the kind of person who wears their heart on their sleeve? Do you see life as full of opportunity? Do you really enjoy interacting with people? Do you think that wearing fancy dress at work would be fun? If you find yourself answering yes to these questions we could have just the job for you. We do things very differently.

#### Fancy a job?

Fairways Care Ltd is an award-winning company that specialises in elder care. We offer genuine career opportunities and have seen many of our carers go on to become successful nurses.

All our staff get their birthdays off as holiday, have access to staff loans, and get lots of training.
