

Project Manager for 12 months plus, in Gloucestershire

This role is within the Nuclear Industry.

Requirements:

- SC level security clearance
- A minimum of 5 years management experience in projects of a complex nature . Ideally the candidate should have experience of site infrastructure developments and be a member of the Association of Project Managers, but consideration will be given to commensurate qualifications and experience.
- Knowledge of the UK civil nuclear industry and the UK's nuclear regulatory system.
- The candidate should be a good communicator as they will be required to interface with stakeholders at all levels. Experience of earned value management is essential.
- The position will be Gloucestershire based with occasional travelling to sites and vendors as appropriate.
