

YNNI A'R AMGYLCHEDD • ENERGY & ENVIRONMENT

1) CLV Sia Wiring Gwynt y Môr Wind Farm (27/5/14)

Cable installation at the 576MW Gwynt y Môr wind farm site is well underway.

A total of 92 array cables have been laid so far at the wind farm, located 13 km off the coast of North Wales.

Cable laying vessel Sia, owned by CT Offshore, is conducting the cable laying operation and it has 69 more cables left.

The wind farm comprises 160 3.6MW wind turbines, of which 9 remain to be installed by A2SEA's jack-up Sea Walker.

5)Wylfa Newydd developers take on 15 more workers (29/4/14)

The nuclear firm behind Wylfa Newydd has announced the recruitment of another 15 workers.

With activity increasing at the site on Anglesey, Horizon Nuclear Power has revealed a number of new, local staff appointments.

In addition to the 100 full-time staff and contractors already based at the Anglesey office, Horizon will welcome three experienced project engineers and a new G4S security team of 12 to the Wylfa Newydd site.

Recruited from across Anglesey and North Wales, the new starters join the Wylfa Newydd project during Horizon's busiest year to date and will play an important role in managing work on site over the coming months
